Yvonne Tan

Honors Peer Mentor

Hi everyone! My name is Yvonne. I am here to help make your freshman experience as hassle free as possible. I aim to be a helpful resource for you as well as a friendly face on campus. I have had many different experiences on campus so hopefully I can help you through your first semester of college. I cannot wait to meet all of you!

I love to listen to music, watch shows and work out. When I am not in class it is common to find me in the Sanctuary feeding my caffeine addiction, at the gym, at work, or watching a Merrimack sporting event.
