

The Warrior Network

Merrimack Mentor Program

The Warrior Network, Merrimack College's mentor program, brings together students and alumni in purposeful and mutually beneficial relationships.

The program is designed to assist current third-year students with identifying and expanding their career options. Towards that goal, the program offers students the opportunity to develop a relationship with a graduate who shares a similar background or works in an area that interests them.

Pairings may also reflect similar student experiences or other interests.

Benefits of The Warrior Network include:

- Offering students the opportunity to learn about general professionalism.
- Engaging alumni as personal resources to students, including advice on issues related to careers.
- Preparing students to compete successfully for jobs, including an education on the hiring process and hiring criteria.
- Introducing students to the challenges, rewards, and outlooks of companies and career paths.
- Exposing students to corporate or other appropriate culture.

The application process is simple and can be done online:

Mentors: <http://conta.cc/2cfcJfj>

Mentees: <http://bit.ly/2cgpjbP>

The commitment is manageable.

Monthly contact, of a mutually-agreed nature is required.

The program runs from October to April, each academic year.
