

Chris Crawley

Honors Peer Mentor

Hometown: North Attleboro, MA

Class: 2019

School: School of Science and Engineering

Major: Athletic Training

Bio: Holla, Holla, so whether it was my major, my activities or my beautiful headshot that got you to read my bio I'm glad that you stopped by. This is my second year serving as an Honors Peer Mentor so you could say I've got some experience under my belt for the upcoming year. I know how anxious and nervous you may feel while reading this so just relax and have fun with it.

My plethora of activities and commitments outside and inside of the Merrimack Community has allowed me to meet and learn from so many people, and I'd love to become friends with you also. Although it may seem weird and uncomfortable to reach out, please, please, please do if you have any questions at all about anything.

So with this all being said I hope you have a fantastic summer full of laughs and good times (and of course picking me as your Peer Mentor). Even if you don't pick me and still want to chat, shoot me an email! See you in the Fall!!
