

Sebastiana Redford

Honors Peer Mentor

Hometown: Amesbury, MA

Class: 2020

School: Science and Engineering

Major: Biology

Minors: Chemistry

Bio: Hi everyone! This is my first year as an Honors Peer Mentor and I am really excited to be a part of this program. College is going to be an amazing experience where you will meet new people and be exposed to different things. It is normal to feel excited but also a little nervous (I was nervous). I am a really friendly person and easy to talk to. If any of you have any questions at all feel free to contact me and introduce yourself. It is always a bit easier going to a new place where you know at least one person. I look forward to meeting you all!

Activities
