

How to work with

SGA

1

Students notice something on campus

2

Students email sga@merrimack.edu with specific comments, highlights or questions

4

The committee then works with our network of administrators to address the question or concern

3

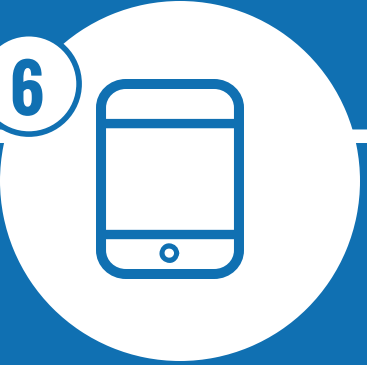

SGA Executive board members check the email and answer it, or direct it to a committee

5

Once a resolution is found, we will circle back to the student and update SGA

6

Then the minutes from our meetings will be summarized and posted on social media

@MerrimackSGA
