Bio:

Hi! I am really excited to be a Peer Mentor because I enjoy giving advice and being helpful. I know that in my first year, I was happy to have my Peer Mentor. I was able to look to him for answers to my many questions and now I want to give back and do the same for you guys!

In my free time, I enjoy writing, singing, playing the ukulele, listening to music, dancing, hanging out with friends, and relaxing.

I understand that the college process was scary, from applying, to hearing back, to choosing. But congratulations! You have made it this far and that's great! This transition is less daunting than it seems, and I am sure you will all do great! Remember to be confident in yourselves and that we're here for anything you need!
