School: School of Education and Social Policy

Major: Human Development and Sociology

Minors: Health Science and Psychology

Bio:

Hello Everyone! I'm so excited to meet you all and want to give you a warm welcome to Merrimack! The Honors Program is such a great way to meet some truly amazing people that you will make so many memories with along the way. I know how nervous some of you might be as you get ready to start this new journey. Believe me, I was right there in your shoes not too long ago! I'm so looking forward to meeting all of you and making this transition as easy and exciting as possible for you. Over the past two years here, I have come to truly love this school and everything it has to offer, and that's what I want for each and every one of you! I'm a compassionate and friendly person, so get ready to hear me yell your name across campus or shoot you a smile across Sparky's. If you really can't find me, look for me sporting one of my many pairs of crocs on the way to class (trust me, they're the best thing since sliced bread my friends!) Anyway, get ready for an awesome first year in this amazing community, and please don't hesitate to reach out to me with any questions you may have or even if you just want to talk! Welcome home my fellow Warriors, and I can't wait to see you soon!
