

Hannah Link

Honors Peer Mentor

Hometown: Canton, Massachusetts

Class: 2021

School: Business

Major: Corporate Finance/Accounting

Bio: I am super excited to meet you all so I can share some of the great experiences I've had my freshman year. As a student athlete in the honors program, I think I have lots of insight about how to handle the seemingly overwhelming responsibilities that comes with the transition to college. The peer mentoring program helped me so much, so I hope to create the same experience for next year's class. If you have any questions at all, feel free to send me an email!
