Bio: Why am I a peer mentor for the honors program?

I joined the mentoring team to help first year students feel acclimated, welcomed, and inspired to make the most of their Merrimack experience. I hope that I can be a resource to first years during their college adventure.

Why am I a Merrimack Warrior and Honors Member?

During the college selection process I was looking for a school that would help me grow academically but also help shape myself overall as a lifelong learner. I look forward to taking advantage of what the honors program at Merrimack has to offer. Furthermore, I want to push myself to be the best I can be by developing my leadership skills through active involvements on and off campus.

Here's more about me:

In my free time I enjoy going to paint nights, driving down an open road, and laying on the beach. I am co-owner of a seasonal bakery on the Cape. I also love to listen to music.
