

# Sterling Seymour

*Honors Peer Mentor*

**Hometown:** Merrimac, MA

**Class:** 2021

**School:** Girard School of Business

**Major:** Business: Concentrations in Marketing & Sport Management

**Bio:** Hey guys! My name is Sterling and I'm so excited to be a part of peer mentors this year. I participated in peer mentors in high school and had a great experience helping my freshman get adjusted to their new environment. I hope that we can have a similar experience because I will always be there for you guys whether you have questions or just want to chat about something! The transition to college can be challenging and exciting. I'm super approachable and I can't wait to welcome you guys to your new home at Merrimack along with all the other mentors! I come from a big family of four sister and one brother so having fun and taking care of one another are important to me. I love running, photography, painting, cooking, acai bowls and long walks on the beach with my dog!
