Continued Growth in Faculty Scholarship Support

The Office of the Provost is committed to supporting faculty scholarship in all its forms across the humanities, social sciences, business, education, science, engineering and the health sciences. This year the Office of the Provost is pleased to have coordinated and overseen an increase in funding for faculty development and scholarship.

For academic year 2019-2020, the total funds that will be distributed for faculty development and scholarship are over **\$500,000**. In addition, the increase in funding has resulted in an increase in the number of faculty being supported. Combined, funding for 2019-2020 will be provided to approximately 100 full-time faculty members across all five Schools.

Funding comes from established funding and grant programs (Faculty Development Grants, Provost Innovation Fund, Murray Fellowship, Davis Educational Foundation, CETL Fellowships, Sakowich Charitable Foundation, McLaughlin-Martin Family Environmental Innovation Fund, Zampell Family Faculty Fellowship Program) as well as supplemental support for faculty scholarship. Supplemental funding included the Office of the Provost providing an additional \$30,000 to the Faculty Development Grant pool to help support more projects. The result of the expanded faculty portfolio of funding is that faculty can participate in a deeper and more diverse pool of funding opportunities to support their work.

While we are pleased to be able to provide scholarship funding for the faculty, we can do even more together. We have growing opportunities to explore new funding partners, better communicate the exciting and diverse array of scholarship activities by our faculty both internally and externally, and expand research, scholarship, and creative activity opportunities for our undergraduate and graduate students. We look forward to partnering with the faculty to

help them pursue their creative interests and passions. See this year's recipients by clicking on the following links:

2019 Last Lecturer: Call for Nominations

The Merrimack College Honors Program is pleased to invite nominations for the Annual Last Lecture at Merrimack College. The Last Lecture will be delivered on November 19th in the Fall 2019 semester by a faculty member who will share with the community their research, values, and passions. This is their chance to share their wisdom as if it were the last opportunity they would have to speak to a group of students.

All members of the community are encouraged to nominate those faculty members who you believe exemplify the values of the Merrimack College community. We encourage you to think specifically about those faculty members who have had a positive effect on you in some way, or who were engaging, motivated, passionate, and inspiring. Self-nomination is acceptable and encouraged.

To nominate a faculty member, please fill out this [form](#) with the faculty member's full name and a brief, detailed description of why he or she should deliver the last lecture. Nominations are due by **Friday, May 24th**.

The Honors Student Council in consultation with the Honors Program Director will review the nominations and select the 2019 Last Lecturer.

Advising at Summer Orientation

The Orientation Committee has begun planning for Summer Orientation and would like to request the faculty's assistance for advising. The College is once again, welcoming over a thousand students to campus this fall, and we will provide four sessions of orientation. Here is the schedule for the four sessions:

- Session 1: **June 17-18**
- Session 2: **June 19-20**
- Session 3: **June 24-25**

- Session 4: **June 26-27**

Advising will take place on Tuesday, June 18th, Thursday, June 20th, Tuesday, June 25th, and Thursday, June 27th from 9 AM – 12 PM in the MPR in the Sakowich Center.

This year the Committee is again asking for assistance at any or all of the sessions to advise our incoming first-year students. To the best of our ability, we will match students with their academic advisor or a member of their department, and we will need additional assistance for those students who are undeclared. For all sessions, we are hoping for a minimum of two people per department with extra faculty in the larger majors. We are expecting the same number of students for each session, so our need is the same for each. Please know that **ANY AND ALL** faculty members are welcome to participate. Please send Kelly Maccario the names of the faculty members who can attend by **Wednesday, June 5th** at: maccariok@merrimack.edu.

If you have any questions or suggestions about Summer Orientation, feel free to contact your school's representative on the Committee, Diane Shaw, Kelly Maccario or Rose McCarthy.

Thank you in advance for your assistance as we all look forward to welcoming the Class of 2023!
