On your 2020-21 FAFSA, you or a parent have reported an amount in “taxable student grant and scholarship aid as reported to the IRS in your Adjusted Gross Income on your Federal tax return”. You should only report an amount in this question IF you were required to list taxable grant or scholarship aid on a federal tax return. (Typically, this is reported on the front page of the 1040 as INCOME). Please look at your and/or your parents’ 2018 federal tax return to see if you reported grant aid as income AND paid taxes on that amount.

Please check Box #1 OR Box #2 and #3:

☐ 1. The student and the parent did not report any taxable grant or scholarship aid on a tax return and I/we mistakenly reported this information on the FAFSA. (The Financial Aid Office will correct the information on your FAFSA for you).

NOTE: If you checked Box #1, please sign below and return to our office. If you didn’t check Box #1, proceed to Boxes 2 and 3.

☐ 2. Parent reported $ ____________ in taxable grant or scholarship aid on a federal tax return. (Please supply a copy of the 2018 federal tax return to verify this)

☐ 3. Student reported $ ____________ in taxable grant or scholarship aid on a federal tax return. (Please supply a copy of the 2018 federal tax return to verify this)
