

Vanni Morello

Honors Peer Mentor

Hometown: Agawam, MA

Class: Sophomore

School: School of Science and Engineering

Major: Biology

Minors: Chemistry

Bio: I am so excited to be a mentor this year! I will be there anytime you need and I will help make this transition to college easier for you. I know it has been a long, tedious process to get here but it just gets easier and as a mentor, I will do my best to answer any questions. For a little more about me, I am on the pre-dental track in hopes of being an orthodontist one day, I absolutely love working out and I am a crazy shopaholic. Online shopping is basically my everyday therapy. Beyond just being someone to go to for help adjusting, I am a great listener and friend for any problem you may have. I can't wait to meet you!

Activities

Volunteering/Service:

I volunteer at soup kitchens during the holiday months and participate in projects like making blankets for the homeless and sending cards to kids in the hospital.

Clubs/Organizations:

I am involved in Theta Phi Alpha Sorority and Honors Ambassadors.

Leadership:

I am a youth cheerleading coach during summer for my hometown.

Housing Experience:

Ash Centre Honors LLC
