

Taylor Jax

Honors Peer Mentor

Hometown: Brooklyn, CT

Class: Sophomore

School: School of Education and Social Policy

Major: Human Development and Human Services

Minors: *Education, Psychology, Spanish

Bio:

Welcome to Merrimack! As first-years, I hope you are as confident about your college decision as I was, and I hope your first semester is as hassle-free as possible. I have had unique experiences here at Merrimack and can offer insight on almost every aspect of the College from athletics to academics to additional resources you can find here on campus. My studies are dedicated towards a career as a child life specialist, and the other areas of my life as a college student are propelled by the Honors program and athletics. I've found my niche here as part of Merrimack's ever-growing community, and I hope you all do as well!!
