WHAT YOU DO HERE CHANGES EVERYTHING
Hey, future warrior!

Greater begins here

We’re dedicated to amplifying your success. Whether you’re looking for a helping hand or your next big challenge, you’ll get more (and become more) at Merrimack.

Whatever your goals, you’ll find everything and everyone you need to reach higher, go further, and be greater—academically, professionally and personally.

1. Greater careers
2. Bigger scholarships
3. Stronger majors
4. Broader support
5. Bolder transformation
YOUR JOURNEY
STARTS HERE.

1. GREATER CAREERS
   Hands-on resume boosters
   A degree from Merrimack has a **high return on investment** and strong 10-year earnings. How do we do it? Through guaranteed internships and experiential opportunities that put your learning into action.

2. BIGGER SCHOLARSHIPS
   A **top-tier education at an affordable price**
   We offer a private college education at a price that’s close to that of a public university, with a commitment to aid and scholarships (and more than a few free perks).

3. STRONGER MAJORS
   Majors that employers want
   You’ll love your major—and employers will, too. Our **100+ academic programs** are designed to meet real-world market demand. Don’t know what you want to study? Our Discover Program will help you find the right major.

4. BROADER SUPPORT
   An all-in approach to success
   At Merrimack, we have the resources you need to thrive on every level. You’ll have your own success coach, free tutoring, nutrition and fitness resources, 24/7 mental health services and more (like Merri, our campus comfort dog).

5. BOLDER TRANSFORMATION
   Your place to change the world
   Looking for an education with purpose? Our affinity groups, volunteer opportunities and community partnerships enable you to support the causes you care about.

THE PRINCETON REVIEW
Not sure what you want to study? Don't worry. Featuring peer mentorship and coaching, our Discover Program for undecided students helps you explore different fields of study while staying on track for graduation.

**DISCOVER YOUR PATH**

Taught by all-star faculty members, our **100+ career-focused academic programs** are designed with practicality in mind to help you build the RIGHT skills and knowledge to apply in the real world.

**Our five schools offer unlimited possibilities**
- Girard School of Business
- School of Health Sciences
- School of Liberal Arts
- School of Science and Engineering
- Winston School of Education and Social Policy

**In-demand majors**
Setting you up for success is our priority and that's why our majors focus on in-demand areas such as: Entrepreneurship and Small Business Management, Life Sciences, Engineering, Hospitality Management, Data Science, Economics-Finance, Criminology and Criminal Justice, Neuroscience, Nursing and more.

**APPLE DISTINGUISHED SCHOOL**
As a technology-forward campus, we've been recognized for our culture of continuous innovation. Through Mobile Merrimack, iPads are integrated into learning—and every student gets one for free!

**Uniquely Merrimack**
Our academic approach is not just about classes. It's about experience and providing the personalized support and caring community you need to thrive.

We have more full-time faculty than most schools of our size, which means our **classes are small**. Our students benefit from personalized attention and interactive learning environments.

Our **First Year Experience** provides an environment of support and inclusion focusing on meeting new friends, finding independence, thinking about your future, enjoying time away from home and learning new things.

Every student has a **personal Success Coach**, cross-trained in academic support, career readiness, wellness and mental health. They are your point person to help with advising, career options, support and guidance.

The Merrimack experience focuses on smaller **learning and social communities**. From Greek life to Austin Scholars to our Honors Program, we match you with students (and friends) with similar interests and common experiences.

We encourage **creativity and collaboration** through campus spaces such as simulation labs, art galleries, engineering facilities, psychology sleep labs, graphic design studios and our Mucci Capital Markets Lab.
REAL-WORLD EXPERIENCE. REAL-WORLD IMPACT.

When it comes to career readiness, we believe getting outside of the classroom is key. At Merrimack, you’ll complement your coursework with experiences like guaranteed internships, co-ops, service learning or faculty-led research projects.

At the O’Brien Center for Career Development, you’ll work with your career advisor to create a customized career path. The ultimate goal? To help you acquire the skills, global perspectives and resume-boosters to land the job, or launch the start-up, you’ve always wanted.
