

Emma Jones

Honors Peer Mentor

Hello everyone! My name is Emma and I am a Junior at Merrimack. I look forward to getting to know all of you! I wanted to become an Honors Peer Mentor because I understand how difficult the transition from high school to college can be, and I want to help others throughout this process.

In my free time, I love to read, watch television and movies, and hang out with friends. I also really enjoy working out, hiking, and traveling. I hope to go to law school after graduation, and pursue a career in public interest law or intellectual property law.

Campus Jobs

Writing Consultant in
the Writing Center

Top 3 Personality Traits
